

RETAIL ELECTRIC LTD — XERO Bank & Petty Cash — Q1 (Jan–Mar 2017)

Rebuilt from your CORRECTED Q1 files (2017-dated Barclays statement + monthly petty-cash sheets).

RECONCILIATION:

Q1 Bank: 170 lines — validated to the running balance (opening 0.00 → closing 39,515.46). OK

Q1 Petty: 52 lines, total spend 1,255.66. Jan £627.28 OK · Mar £334.71 OK.

(Also matches the Sage Q1 petty total of £1,255.66.)

***** February petty cash: the source sheet is internally inconsistent — its Total cell shows £215.29,**
the listed rows sum to £293.67, and the float chain implies £288.01. I used the listed transaction rows (£293.67), which makes the quarter tie to the Sage figure. Worth a quick check against your records.

HOW TO IMPORT INTO XERO:

Accounting ► Bank accounts ► (Barclays / Petty Cash) ► Manage ► Import a Statement → pick the CSV.
Map Date, Amount (signed: + in / - out), Payee, Description, Reference. Reconcile against the
Sales invoices & Bills; the four bank 'Cash Withdrawn' lines (£1,250 total) are transfers to Petty Cash.

Q2 & Q3 bank/petty removed for now — you're updating those source files; I'll redo them next.
