

SPORTS DIRECT (UK) LTD — Excel Analysis & Sage 50 posting

Quarter ending 31 January 2023 • Standard VAT scheme • Online retail via Amazon

WHAT IS IN THIS WORKBOOK

- Sales Day Book – the Amazon sales, with a 'Week' column added (Week 1 = 01/11–06/11, Mon–Sun).
- Sales Analysis – weekly pivot (Order & Refund) built with live SUMIFS/SUM formulas.
- Purchase Day Book – the Amazon purchases, with the 'Week' column added.
- Purchase Analysis – weekly pivot (Net / VAT / Gross) with live formulas.
- Bank Statement – with running-balance formulas and the Sage posting for every line.
- Direct Invoices – Apple, Tesco Mobile, Google (reverse charge) and Xiamen Porsun.
- VAT Return – Boxes 1/4/6/7 rebuilt from the analysis and checked against the filed return.
- Sales (Sage) / Purchases (Sage) / Bank (Sage) – the exact rows in the three import files.

THE THREE IMPORT FILES (CSV, in this folder)

Import via File ► Import ► Audit Trail Transactions. All amounts are positive – the Type column carries the direction. This import route only accepts invoice/credit and bank types:

1. Sports Direct - Sales (Sage).csv – 10 weekly SI invoices + 6 SC credits (16 rows)
2. Sports Direct - Purchases (Sage).csv – 13 Amazon weeks + Apple + 3 Tesco + 3 Google + Porsun (21 rows)
3. Sports Direct - Bank (Sage).csv – 18 bank payments (BP) + 4 bank receipts (BR) (22 rows)

WHY THE FILES CHANGED (fixes 'Illegal Transaction Type')

Sage's Audit Trail Transactions import rejects receipt & payment types (SR/SP/PP/PA) – that was the error on sales records 17–26 and purchase records 22–34. Those are now REMOVED from the import files and posted through the modules instead (see the 'Post via Module' tab). This matches the booklet, which keys every receipt, payment and transfer through the modules anyway.

POST VIA THE MODULES (see the 'Post via Module' tab for the full list)

- Customer Receipts – 10 receipts via the Amazon bank a/c (1201), end-of-week dates.
- Customer Refunds – 6 refunds via the Amazon bank a/c (1201).
- Supplier Payments – 13 Amazon payments via Amazon bank (1201) + 8 supplier payments (Google, Tesco, Apple, Porsun) via the Current a/c (1200) from the bank statement.
- Bank ► Transfer – 9 transfers between Current (1200) and Amazon (1201).
- Company set-up, the SAL001 customer, the 6 supplier records and bank accounts 1200/1201.

RECONCILIATION (all tie exactly to the VAT Return)

Box 1 VAT on sales	£101.54	Box 6 Net sales	£507.60
Box 4 VAT reclaimed	£2,284.31	Box 7 Net purchases ...	£11,451.67

DATA NOTE

- 6 purchase rows in the source had the year typed as 2122 (INV1407352-71, 21 Nov). Corrected to 2022 so they fall in Week 4 – which then matches the audit trail (£680.72). Highlighted on the PDB sheet.
