

Assumptions

Every blue cell is an input. Everything else in the workbook is a formula that traces back to this sheet.

Assumption	Value / Year 1	Year 2	Year 3	Year 4	Year 5	Source or reasoning
Tickets and spend						
Capacity per night (skaters)	80					Assumed hall limit. The Roller Kings top package is also sized for 80 skaters.
Advance ticket with skate and pad hire	£15.00					Adult nights run at roughly £10 to £15. Roller Nation lists Halloween 2026 at £20 (£15 flash sale). Disco Skate family nights are £8 to £9.
Advance ticket bringing own skates	£12.00					Roughly £3 below the hire price. Disco Skate discounts own skates by £1. Glitterbolt includes a coached beginner slot so the gap is wider.
Share of skaters bringing own skates	15.0%					Assumption. Most first-timers hire. Own-skate share rises as regulars buy their own.
Discounts and concessions allowance	5.0%					Assumption covering group deals, student deals and camps.
Drinks, snacks and glitter bar spend per head	£4.00					Assumption. Soft drinks, mocktails, snacks and glitter kits only. No alcohol in the base case.
Cost of ancillary sales	45.0%					Assumption. Typical for soft drinks and snacks bought at wholesale.
Ticketing and card fees (share of ticket revenue)	6.0%					Assumption. Ticketing platforms and card processors take a fee on every sale. To be confirmed against the platform chosen.
Annual ticket price increase (from Year 2)	3.0%					Assumption.
Annual cost inflation (from Year 2)	3.0%					Assumption.
Cost of one night (Year 1 prices)						
Hall hire per hour	£50					ASSUMPTION. NOT VERIFIED. Typical school or leisure centre sports hall rate for the area. The only published local rate found is Bourne Hall at £115 an hour (weekday evening) and £160 (weekend), community rate 2026/27. See Sensitivity Analysis.
Hall hours per night (setup, event, pack down)	5.0					Assumption. 30 minutes setup, 3.5 hour session, 1 hour pack down and cleaning.
DI fee per night	£100					Assumption for a local DI building a following.
Marshal hours per night	5.0					Assumption.
Marshal pay per hour (loaded)	£15					Assumption. Above the National Living Wage, allowing for holiday pay and employer costs. Check the current rate before hiring.
Music licence cost per night	£45					PLACEHOLDER. Disco and club nights need a PPL PRS licence (the SFE tariff, revised 1 January 2026). No price was published. Get a quote before launch.
Transport of kit per night	£40					Assumption. Van hire or fuel for a car and trailer.
Cleaning, first aid restock and glitter per night	£25					Assumption.
Wear on owned kit per night	£35					Assumption. Wheels, bearings, laces and replacements spread across nights.
Pilot kit hire (first three nights only)						
Pilot nights on rented kit	3					The first three nights run on rented kit so nothing large is bought before demand is proven.
Skate hire fee, 41 to 50 pairs (72 hours)	£460					Roller Kings published tier. Collection or delivery. £250 damage deposit is refundable and not modelled.
Pairs of skates hired	50					Top of the 41 to 50 pair tier.
Pad set hire per set	£2.20					Roller Kings published price (£2.20 each, £2 deposit).
Helmets hired	10					Assumption. Offered to anyone who asks.
Helmet hire per helmet	£3.25					Roller Kings published price (£3.25 each, £2 deposit).
Founding Skater Pass (pre-sale)						
Passes sold before launch	25					Target. Each pass covers the three pilot nights. 25 sales before signing a venue is the first demand test.
Pass price	£30					Three nights for £30, which is £10 a night against £15 advance.
Private hire events						
Price per private event (2 hours, up to 40 skaters)	£500					ASSUMPTION. Competitors price by quote only. Ring three of them before launch.
Marshals per private event	2					Assumption.
Marshal hours per private event	3.0					Assumption.
Kit wear per private event	£50					Assumption.
Travel per private event	£30					Assumption.
Other direct cost per private event	£20					Assumption.
Overheads (Year 1 prices)						
Insurance (public and employers liability)	£1,200					ASSUMPTION. Quotes depend on turnover and claims history. £5 million public liability is the usual minimum asked by halls. Established operators carry £10 million.
Accounting and bookkeeping	£420					Assumption.
Website, booking page and software	£240					Assumption.
Kit storage	£360					Assumption. A rented garage share. Zero if family space is used.
Maintenance per owned pair per year	£6.00					Assumption. Roughly £300 a year for a fleet of 50 pairs.
Depreciation life for skate fleet (years)	4					Straight line. Assumption.
Tax rate (simple stand-in)	19.0%					Flat stand-in for the small profits rate. A sole trader would pay income tax instead. Treat as directional.
One-off pre-launch costs						
Speaker, lights, mirror ball and cables	£700					Assumption. Owings pays back against hiring lights (£100) and a speaker (£120) per night within about three nights.
Launch marketing and pass campaign	£600					Assumption. Posters, flyers, launch content, small paid social test.
Waiver, terms and ticketing set up	£250					Assumption.
Signage, floor tape, cones and first aid kit	£280					Assumption.
First aid and marshal training	£300					Assumption. Two people on a one day emergency first aid course.
Contingency on pre-launch costs	10.0%					Assumption.
Skate fleet and funding						
Cost per pair of hire grade skates	£110					ASSUMPTION. The Roller Kings package (145 pairs, 80 pad sets, 10 helmets, 5 cases) is £20,995, about £145 a pair all in. £110 assumes bulk or refurbished stock. Get quotes.
Cost of pads per pair	£10					Assumption.
Helmets and cases bought with first fleet	£150					Assumption.
Month the fleet is bought	4					Only after the pilot gate returns GO. Month 4 is May 2027.
Founder cash put in before launch	£7,500					Assumption. Sized so the lowest cash balance in Year 1 stays above zero with a small buffer.
Start Up Loan drawn after the pilot gate	£5,500					Drawn only if the gate says GO. The Start Up Loans scheme has run at 6% fixed. Check current terms.
Start Up Loan interest rate	6.0%					Check current terms.
Start Up Loan term (months)	60					Five years.
Month the loan is drawn	4					Repayments start the month after.
Pilot gate thresholds						
Average attendance to proceed (GO)	45					Around the break-even attendance on owned kit. Below this the nights lose money.
Average attendance below which to stop	35					Below this the model does not recover within two years.
Share of tickets sold in advance to proceed	60.0%					Advance sales show people plan to come.
Share who say they would come again	70.0%					From a short exit survey at the door.
Year by year inputs						
Item	Year 1	Year 2	Year 3	Year 4	Year 5	Source or reasoning
Event nights per year (Years 2 to 5)	16	24	30	36	40	Year 1 comes from the monthly plan on the Cash Flow sheet. Year 5 assumes a second hall.
Average skaters per night (Years 2 to 5)	55.6	60.0	64.0	66.0	68.0	Year 1 comes from the monthly plan. Later years stay below the 80 skater limit.
Paid marshals per night	2	3	3	3	3	The founder works the floor as a marshal in Year 1.
Private hire events	4	10	16	22	28	Year 1 comes from the monthly plan.
Marketing spend	£1,200	£2,000	£2,600	£3,000	£3,300	Social content led. Grows with the number of nights.
Founder pay (drawings)	£0	£0	£3,000	£6,000	£9,000	Nothing in the first two years. Taken only from surplus after that.
Skate pairs bought	50	20	0	10	0	Year 1 buys the fleet after the gate. Later purchases follow attendance.

Unit Economics

One night, one skater, one private event. Year 1 prices.

Per skater	Value
Average ticket yield after discounts	£13.82
Ticketing and card fee per skater	£0.83
Ancillary margin per skater	£2.20
Contribution per skater before night costs	£15.19

Cost of one night	Owned kit	Pilot (rented kit)
Hall hire	£250	£250
DJ	£100	£100
Paid marshals (Year 1 count)	£150	£150
Music licence	£45	£45
Transport	£40	£40
Cleaning and first aid restock	£25	£25
Kit (wear on owned fleet or pilot hire)	£35	£603
Total cost of one night	£645	£1,213

Break-even	Owned kit	Pilot (rented kit)
Break-even attendance (skaters)	43	80
Break-even as share of capacity	53.8%	100.0%

Profit of one night at different attendance	Owned kit	Pilot (rented kit)
30	(£189)	(£757)
40	(£37)	(£605)
50	£115	(£453)
60	£267	(£301)
70	£419	(£149)
80	£570	£3

One private hire event	Value
Price	£500
Marshals	£90
Kit wear	£50
Travel	£30
Other direct cost	£20
Total direct cost	£190
Margin per event	£310
Margin as share of price	62.0%

Pilot hire is the Roller Kings 41 to 50 pair tier plus pads and helmets.

The pilot nights are meant to lose money. That is the price of not buying kit before demand is proven.

Revenue Model

Year 1 is built month by month on the Cash Flow sheet. Years 2 to 5 use the annual inputs.

Item	Year 1	Year 2	Year 3	Year 4	Year 5
Event nights	16	24	30	36	40
Average skaters per night	55.6	60.0	64.0	66.0	68.0
Total skater visits	889	1,440	1,920	2,376	2,720
Average share of capacity	69.5%	75.0%	80.0%	82.5%	85.0%
Price index	1.000	1.030	1.061	1.093	1.126
Average ticket yield	£13.82	£14.24	£14.66	£15.10	£15.56
Gross ticket revenue	£12,288	£20,502	£28,155	£35,888	£42,316
Founding pass discount	(£287)	£0	£0	£0	£0
Net ticket revenue	£12,002	£20,502	£28,155	£35,888	£42,316
Drinks, snacks and glitter bar revenue	£3,556	£5,933	£8,148	£10,385	£12,246
Private hire events	4	10	16	22	28
Private hire revenue	£2,000	£5,150	£8,487	£12,020	£15,757
Total revenue	£17,558	£31,584	£44,790	£58,293	£70,319
Event night revenue per night (tickets and ancillary)	£972	£1,101	£1,210	£1,285	£1,364
Revenue growth on previous year	0.0%	79.9%	41.8%	30.1%	20.6%

Cost Structure

Direct event costs, overheads, kit purchases and pre-launch costs.

Item	Year 1	Year 2	Year 3	Year 4	Year 5
Cost index	1.000	1.030	1.061	1.093	1.126
Direct event costs					
Hall hire	£4,000	£6,180	£7,957	£9,835	£11,255
DJ	£1,600	£2,472	£3,183	£3,934	£4,502

Pilot Gate

The right to stop. Type the real pilot results into the blue cells. The decision updates by itself.

Pilot night	Planned attendance	Actual attendance	Advance tickets sold	Would come again (count)
Pilot night 1	40			
Pilot night 2	48			
Pilot night 3	55			
Pilot total or average	47.7	Awaiting data	Awaiting data	Awaiting data

Gate test	Threshold	Result	Pass or fail
Average attendance (GO level)	45	Awaiting data	Awaiting data
Share of tickets sold in advance	60.0%	Awaiting data	Awaiting data
Share who would come again	70.0%	Awaiting data	Awaiting data
Stop level for average attendance	35	Awaiting data	Awaiting data

Decision	Awaiting pilot data
----------	---------------------

Cost of stopping after the pilot	Value
Pre-launch costs	£2,343
First year insurance (may be partly refundable)	£1,200
Pilot kit hire	£1,808
Planned result of the three pilot nights before kit hire	£343
Approximate cash lost if the project stops after the pilot	£5,008
Compare with committing to the fleet and loan up front	£11,158

GO buys the fleet and draws the loan. EXTEND runs three more pilot nights on rented kit. STOP ends the project.

The pilot caps the downside at roughly the first figure instead of the second.

Sensitivity Analysis

Year 3 profit under different conditions. Hall hire is tested hardest because it is the biggest cost and the least certain.

Scenario	Attendance multiplier	Ticket price change	Hall hire per hour	Labour cost multiplier	Ancillary spend per head	Skaters per night	Contribution per skater	Cost of one night	Profit per night	Break-even skaters	Year 3 profit before founder pay	Year 3 profit before tax	Change against base
