Modest numbers, honestly stated

	Y1	Y2	Y3	Y4	Y5
Revenue	£17,558	£31,584	£44,790	£58,293	£70,319
Net profit	(£5,355)	£808	£2,554	£3,661	£6,126
Cumulative	(£5,355)	(£4,546)	(£1,992)	£1,669	£7,795

Cumulative profit turns positive in Year 4.

A side business that could become a small business. Not a plan to get rich.

£13,750 to start, and cash stays above zero

Founder cash £7,500

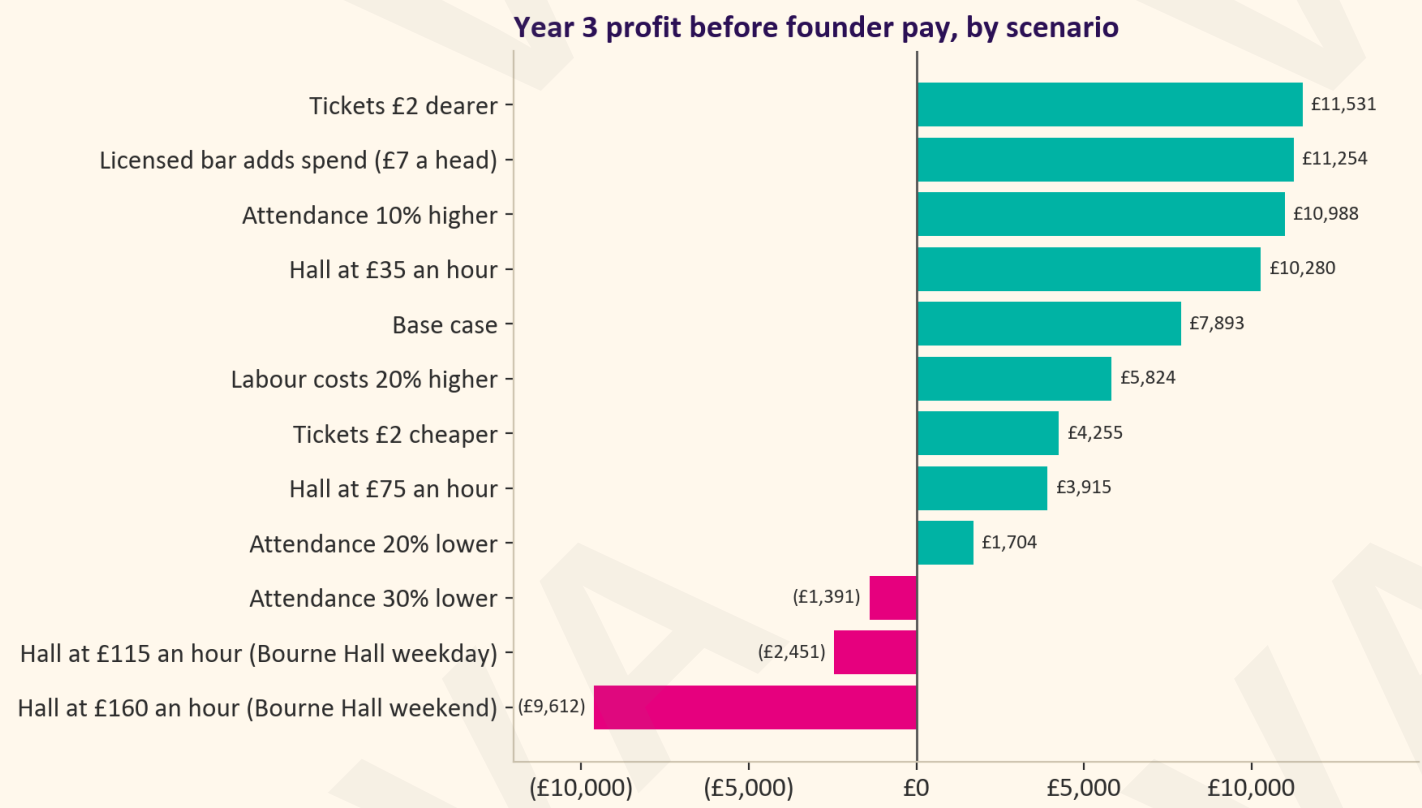

Founding Skater Passes £750

Start Up Loan, after the gate £5,500

Total £13,750

Lowest cash balance in Year 1 is £735. It is a thin cushion, so nothing is spent outside the plan.

£50 an hour works. £115 does not.

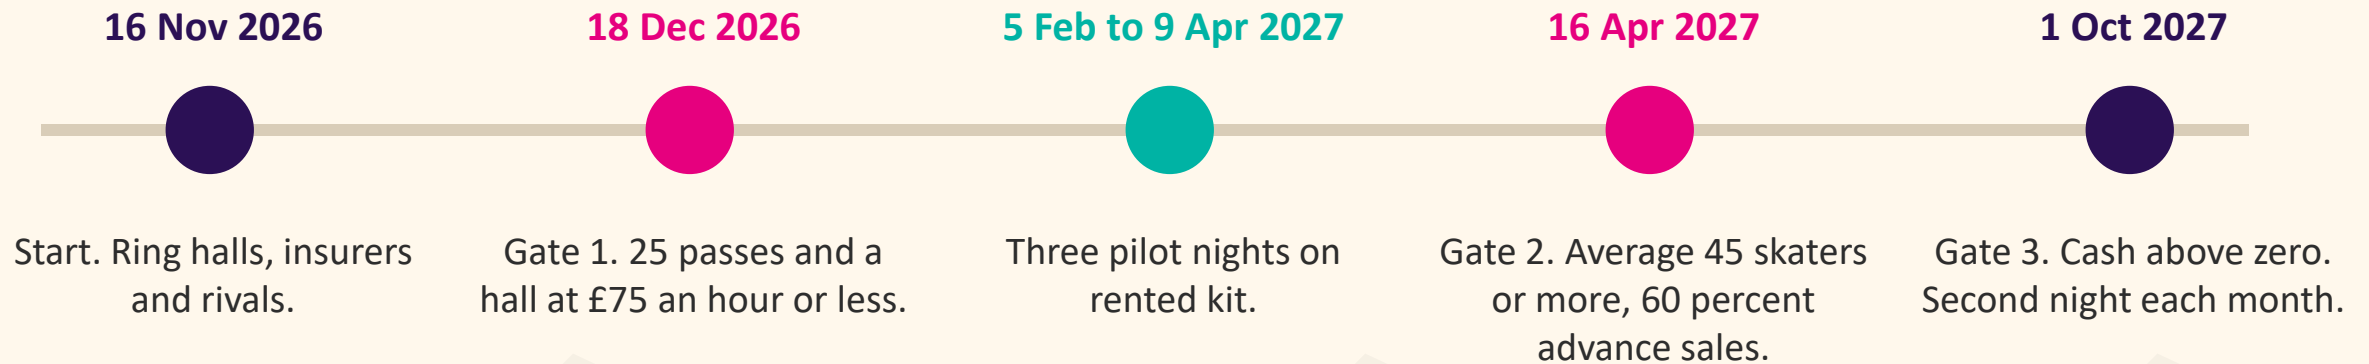

The hall decides everything.

Bourne Hall in Epsom charges £115 an hour on weekday evenings and £160 at weekends.

Decision rule. No hall above £75 an hour without a share of door income deal, or a £17 ticket.

Four gates, a right to stop at each

Stopping at a gate is not a failure. It is the plan doing its job.

Three nights to find out.

The ask is small and staged.

£7,500 of founder cash and 25 pre-sold passes to start.

A £5,500 Start Up Loan only after the pilot passes.

If the gate says stop, about £5,000 is lost and the kit goes back.
